# REFRESHING SHOWERS ON CLOUDY DAYS AS WELL!

## Hot water made available 24/7

Emmvee is an intelligent solar solutions producer born from an idea to implement green energy to better use. We aim at providing universally designed products to support all kinds of contemporary and sustainable living. Amidst our industrial product range, Photovoltaics and Solar Water Heating Systems are our strongest since inception in 1992.

## Are you looking for a perfect bulk hot water system?

Introducing Solarizer Heat Pump, a one-stop solution to efficient bulk hot water situations. It is effective in eliminating bacteria and germs while providing hot water 24/7 and even at nights ensuring comfort at all times. Solarizer Heat Pump has another crucial aspect - the amount of bulk hot water it can provide and the notably less time it usually takes to heat the water.

Solarizer Heat pump is one of a kind water heater, that facilitates quick heating for large amounts of water. Your hot water will be ready, with just 1/4th of the energy that is used by a normal water heater.
